Office Action Summary

DETAILED ACTION

Election/Restrictions

1. Claims 1-7 and 57-60 are generic to a plurality of disclosed patentably distinct species comprising the various mixed resins composed of two or more kinds of resins. The election of an ultimate species defining the mixture of resins, i.e., specific species of resins making up the "mixed resin", is requested. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversed.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ana L. Woodward whose telephone number is (703) 308-2401. The examiner can normally be reached on Monday-Friday (8:30-5:00).
